Thank you to all who have assisted with the Gabon Bible school project. We are nearly half way to raising the funds needed for the school. Building a Bible college in Central Africa is not without its challenges; however, things are proceeding well, and God is bringing together an excellent team to construct the school.

In February and March, Bill was in both Kenya and Gabon. The last week of February he was in Kenya for the Africa Assemblies of God Alliance meetings. Following this, Bill traveled across the continent to Gabon, where he met up with a team from Christ Church in Fort Worth Texas. This team was led by Pastor Darius Johnston and included Bob and Scott, two engineers from his congregation.

While Pastor Johnston led the pastors of Gabon in a leadership conference, Bob & Scott surveyed the property on which the Bible school will be built. They took measurements and determined the best placement of the buildings. Scott has agreed to return to Gabon in the fall and again next year to supervise the construction of the school.

We plan to break ground for this new Bible school in September 2013. The project is to be completed by August of 2014, so the school can open that fall. Please pray with us that God will provide the additional resources to complete the Bible school so that classes can begin on schedule in September 2014.

We have enjoyed being with many of you during our deputational cycle. It is always a privilege to share what God is doing in Africa! We still have an additional \$1,250 in monthly support to raise by the end of August. Pray with us that God will provide this need.

Thank you so very much for partnering with us. Your support is what enables us to train leaders across Africa!
