in Africa.*

Because many of you have given toward the Gabon Bible College, we are seeing great progress. Just this month the tabernacle structures have been set in place, and the buildings are beginning to take shape. A lot of work has gone into grading and the foundation; however, it is always exciting to get to this point where the steel structure begins to reveal the shape of the buildings.

Thank you for your part in prayer and finance so that this school can be built to the glory of God for the training of leaders for the church in Gabon!
