PAN·AFRICA  
THEOLOGICAL SEMINARY

AFRICA'S HOPE  
GABON ASSEMBLY OF GOD

You can see from the photo above that two buildings are up and nearing completion. Also, the building pad for the administrative building is prepared (right) and the foundation and first few rows of bricks are in place for the cafeteria (right inset). Thank you to all of you who have contributed to make this Bible school a reality!

### Season's Greetings!

During this time of year, we are always mindful of the debt of gratitude we have to all those who are facilitators of our vision to train Africans through your faithful prayer and financial support!

This year has been a very busy year for us. In addition to Bill's responsibilities as the provost of our only doctoral level training in Africa, he has served as a missionary to Gabon where we are working with the Gabonese AG leadership to build a Bible school to train their pastors.

*May the  
Christ of  
Christmas  
lead you to an  
even greater  
capacity for  
Him in 2015.*

The Pan-Africa Theological Seminary (PATHS) will be adding a Doctor of Ministry (DMin) degree in 2016. This is a significant undertaking for the school. It will give leaders in Africa more options for their course of study in that we will offer DMin degrees in missions, biblical studies, leadership, and education.

It was exciting in November for Bill to be privileged to hood 8 graduates of PATHS with their PhD degrees. These eight key leaders from across the continent will make a significant impact through duplicating their lives by training many others (2 Tim. 2:2).

Thank you for enabling us this past year to follow God's leading to train leaders for the great harvest being reaped in Africa. May God bless you in every way in 2015!

Sincerely,  
Bill & Judy Kirsch
