Africa Update

Bill & Judy Kirsch

Summer 2023
www.billkirsch.com

Greetings, friends!

A longstanding dream has come to realization. We have launched our first ever Francophone cohort. There are 29 countries in Africa where French is spoken, 21 of which French serves as the main language. Previously, there was no means for our Francophone leaders to advance their training, except to go to schools that do not share our faith. That changed in June because of your faithful support!

After a great deal of planning, setting up curriculum, and enlisting teachers, we took in 18 new French-speaking students for training at PATHS. We had an official launch ceremony and ribbon cutting. Thanks to your enablement, this dream is now a reality.

In July, we continued our English program. During that month, I pulled aside a couple of our students to make a short video. Both serve in the highly Islamic northern part of Ghana. They briefly shared how PATHS has impacted their leadership and what they are doing with the training they have received.

Jonah, on the left, trains 300 students who also train others. Robert, on the right, has planted 56 churches and recently baptized 26 new believers, all from Muslim backgrounds. Both students are duplicating themselves in the lives of others.

If you missed the video, you can view it at this URL: <https://tinyurl.com/PATHSTogo>

These kinds of strategic partnerships do not happen by accident. It is largely due to your prayers and financial support, without which, we would be hard pressed to do what we do. So, thank you so very much for enabling us to raise up leaders of leaders and trainers of trainers for the exponentially growing church in Africa!

Sincerely,
Bill & Judy Kirsch
