Bill has just returned from the June / July sessions of PATHS. In June, the Francophone cohort met. Pictured below, they are now in their second year.

In July, we held our Anglophone session. We welcomed a new cohort and received back the 2021 cohort who are in their final year. They are pictured below.

*He must hold firmly to the trustworthy message as it has been taught, so that he can encourage others by sound doctrine and refute those who oppose it!*

*Titus 1:9*

Please remember to pray for these students and our graduates. Our students face challenges of many kinds, perhaps the greatest of which are the many false teachers. Wherever the gospel is advancing rapidly, as is happening in Africa today, there are those who take advantage of it. They teach another gospel that only enriches those who preach it. Our students are trained to encourage others with sound doctrine and are equipped to refute the many winds of doctrine that are widespread across Africa.

In Titus 1 Paul instructs Titus to appoint elders who can teach sound doctrine and refute those who oppose it. How can that be done if there is no one to teach them? We are so very grateful for you who stand with us in raising up leaders who are equipped to conserve the great soul harvest across Africa. Thank you for your continued prayers and financial support!

Sincerely,  
Bill & Judy Kirsch
